FYI, a few words about Racing....

Straight racing is somewhat different from Lure Coursing. To run a successful race meet, participation is a requisite - and an enjoyable way to spend the day while racing. Numerous officials are required: Foul Judges, Finish Judges, Inspection Committee and Starters. There will be dedicated volunteers doing some of the required jobs, but participation from attendees will also be needed.

- **Inspection Committee** consists of 2 people who inspect entries at Roll Call. This includes checking for bitches in season, lameness, and adequacy of muzzles. Inspection committee is welcome to participate in other functions as well.
- **Starter** (and assistant Starter) consists of 2 people, who make sure people get to the line race ready, check each dog's equipment, make sure dogs have the correct blankets and are properly muzzled, and help load dogs into the boxes (if a start box is being used). They may also briefly tease the dogs with the lure, then release the dogs once the lure starts moving. For dogs being hand slipped, the Starter also calls the TallyHo! and watches for and calls pre-slips. Starter(s) will usually double as Foul Judges.
- **Foul Judges** consist of a minimum 4 people, equally spaced along the track. Their job is to watch the dogs for interfering with another dog either playfully or aggressively. If there is interference, it's the foul judge's job to report the incident to the race secretary.
- **Finish Judges** consist of a minimum 2 people. They are at the finish line, one on either side of the track. At the end of each race, each judge should immediately record the order of the finish using either blanket colour or number, without conferring with each other or anyone else. They can also act as foul judges.

The Race Program

- There are 3 Programs of racing in a race meet. All races shall be 4 dogs maximum races. Dogs run within their breed, however, for 1 or 2 dog entries, mixed stakes may be run at the discretion of the handlers. All races will be box started or hand slipped. Whippets and Greyhounds will be box started if a box is available. A dog that is pre-slipped is automatically placed last in its race.
- Since we anticipate that the majority of participants will be new to CARA Straight Racing, dogs may be randomly drawn into races with dogs of varying abilities. After the first race, dogs should end up in races where they're more evenly matched.
- Dogs that have not yet been certified may only run as "Singles" between race programs.
- The Straight is 200 yards, with a 50 yard run-out. A drag line with a plastic bag will be used as lure.

AWARDS

- Rosettes for Best of Breed or 1st place and other placement ribbons for 2nd to 5th place.
- Breeds with an entry of 5 or more will also have certificates for High Scoring Veteran (over 6 years), High Scoring First Time Entered

Other information:

- The race area is completely fenced.
- Camping is available but there are no hook-ups so units must be self-sufficient.
